Skills

Microsoft Office

Java Programming – OOP Java

HTML – CSS

PHP & Java Script

Eclips & net beans & vs code

Cisco Packet Tracer

Network Routing & Switching

OS - Windows & Ubuntu & Kali

Language

Kurdish ★★★★★

English ★★★

Arabic ★★

Summary

- ❖ I was student in the College of Computer and Information Technology at Garmian University in the Network Department for four years.
- ❖ During these four years, I have had some network design and programming projects, such as a smart password generator and personal website, creating worm games using HTML, CSS, and JS, and many other projects, such as a smart home.

Experience

- ❖ In 2022, opened an HTML programming course for university and college students. More than 60 students from Sulaimani and Garmian universities participated in this course. I taught it in a Telegram group.
- ❖ In 2023, opened a Java programming course for many students at Garmian University. I taught all the basics of Java to Java OOP in a Telegram group.
- ❖ In 2023, completed a Huawei course on data communication at Huawei Academy at Garmian University.

Education certificate

Network – Assistant Programmer

University of Garmian / 2020 – 2024

Course certificate

Introduction to HTML

sololearn website course global / 2023
